

THE INTELLIGENCER.

LOCAL MATTERS.

BRIEF MENTION.

Anderson—Middling, \$1 to 9.

Agricultural Lenses for sale at this office.

Mount will convene at Abbeville on next Monday.

Eggs are in demand in this market at 10 cents per dozen.

Work on the new Presbyterian Church commenced in March.

The spring-like weather of the past week put the gardeners to work.

Good two-horse carriage for sale cheap at the cash. Apply at this office.

We are sure to come to town prepared to settle our indebtedness to this office on Monday.

Mr. C. S. Beatty has enlarged and improved his residence, two miles south of Court House.

We will be prepared to wait on at least a hundred of our delinquent subscribers next Monday.

The Union Times endorses what the INTELLIGENCER said about the phosphate monopoly two weeks ago.

To-morrow is the last day on which town returns will be received without the penalty of twenty per cent.

Hon. D. Wyatt Aiken's connection with the Charleston News and Courier as its agricultural editor has been severed.

A young lady that is not engaged at fifteen years of age is regarded by the average young man as woefully behind the times.

Col. Brown has had a row of water oaks planted in front of his residence, which will supplant the China berry trees as soon as they grow large enough to give shade.

Can't the town of Anderson afford a public library and reading room? It would be a source of very great pleasure and profit to the young people, at an exceedingly trifling cost.

Call on Newton Scott & Co. when you come to Anderson and see how cheap you can buy a handsome and substantial open top buggy. Now is the time to secure a bargain.

The readers of the INTELLIGENCER will be pleased to learn that Col. C. S. Mattison has sufficiently recovered from his recent illness to be about once more. He visited Anderson on last Tuesday, and his health is rapidly improving.

Governor Simpson has appointed Captain John M. Glenn, at Equality, in this County, to the office of Sheriff of Anderson County, to succeed Mr. W. B. McSwain.

The following are the officers of the Young Men's Christian Association of this county for this year: President, L. P. Smith; Vice President, P. K. McCully; 2nd Vice President, J. H. Clarke; Secretary and Treasurer, J. M. Hubbard.

We would call attention to the advertisement of Mr. O. H. P. Fant, which appears elsewhere. Mr. Fant's fine business qualifications are sufficiently known in this county to ensure him a large business at his new stand in the Benson House.

Mr. M. L. Bonham, Jr., has retired from the editorship of the Ninety Six Guardian, and removed to Newberry, where he will enter upon the practice of law. The Guardian is now edited by Mr. W. B. McSwain, and gives promise of future prosperity and usefulness.

For the next ten days you can buy for less than the best top or open buggy that has ever been brought to this market, by calling on Newton Scott & Co., at Anderson, C. H.

We are pleased to see that Mr. N. K. Sullivan has recovered from his recent illness sufficiently to appear daily upon our streets. He is looking well, and is rapidly regaining his strength. Mr. Sullivan is one of our leading merchants, and his many friends are much pleased at his recovery.

John E. Peoples has just received a large lot of the Navassa Acid Phosphate for making compost. Also, a big lot of Merryman's guano compound. You will do well to call and see him before purchasing elsewhere. Will be sold on the cotton option system.

We regret to announce the death of Rev. J. P. Dean, which occurred at his residence in the Eastern portion of this County on last Sunday morning, which was shown by Mr. Dean was about seventy years of age, and was highly esteemed by those who knew him. He was a minister of the Baptist denomination, and was a useful and excellent gentleman.

Anderson has a Cornet Band composed entirely of one family—three young ladies and five young gentlemen, the youngest member being only four years old. Their selection of music is all fine, and the manner in which it is performed shows the possession of rare musical talent; especially, when their proficiency has been attained without the assistance of a teacher.

The public, especially farmers, are requested to call on Reed & Stephens, carriage manufacturers of this place, who have improved their working force and are now prepared to do all kinds of plantation work, besides repair work, which they have long been known to do in the best manner. They still keep a stock of their vehicles on hand, and have reduced all prices to suit the times.

The law enacted by the last Legislature, which punishes parties for living together in adultery, has failed to meet with the approbation of a large number of the colored people of Anderson. It interferes materially with their domestic arrangements, and of course is regarded as oppressive and harsh. Nevertheless, it is a good law, and any and every violation of its provisions should be punished.

"Bless my soul!" said Col. Crawford, last Sunday morning, "this is too bad! Here's the Bull's Cough Syrup in the Bible! The Colonel took off his specs, rubbed them carefully and looked again. 'Yes, here in the 23d chapter of Isaiah, 16th verse—'Over 60,000 bottles of Dr. Bull's Cough Syrup,' etc. Well, I thought Dr. Bull got Dr. Williams' idea, except in the Bible. Now I'll give it up; it must be a good thing." Mrs. C. came in and explained that she had not

the slip out of a newspaper and put it in her Bible for safe keeping and it had stuck to the leaf. So the Colonel was satisfied. Stanton (Va.) Indicator.

Anderson Division, Sons of Temperance, has decided to have an entertainment on Friday evening, 11th February—St. Valentine's Day—the object of which is to afford pleasure for the young people and to raise funds for the Division. The entertainment will consist principally of preference elections, auction sale of unexamined packages, valentine postoffice, etc., together with a pound party. A small admission fee will be charged for males, while the ladies will be admitted free. The programme for the evening will be announced next week. The different committees have been appointed, and the occasion promises to be an exceedingly pleasant one.

The second and last examination of teachers for the public schools in this County was held on last Saturday. Eighty-six certificates have been granted, sixty-two of which are for first grade teachers. There were one hundred and six applicants, twenty of whom were rejected. The board, consisting of Messrs. R. W. Todd, W. J. Ligon and John B. Adger, D. D., have been untiring in their efforts to secure competent teachers for this County. Dr. Adger and Prof. Ligon, who serve upon this board without compensation, richly merit the commendation of all our citizens for the faithful and impartial manner in which they have discharged their duty. The educational interest of our County could not be entrusted to a more efficient board. We hope under the excellent management of this board that an impulse will be given to our public school system which will redound to the lasting good of the rising generation.

The Electric for February contains a very pleasing and carefully executed portrait of the Marquis of Lorne, the new Governor General of Canada. It forms a desirable complement to the similar portrait of the Earl of Dufferin, which appeared a year or two ago. The Table of Contents of the February number is as follows: "The Greatness of England," by Goldwin Smith; "Prince Bismarck," a highly interesting summary of Dr. Busch's recent revelations by M. Enile de Laveley; "Pictures from Venice," by Mrs. E. Lynn Linton; "Lost Literature," full of curious information; "French Home Life," by the Countess; "My Walk," a poem, by John Stuart Blackie; "The Sun's Long Streamers," the concluding chapter of Wm. Black's "Macedon of Dare"; "The Old and the New Ideals of Woman's Education," by Mrs. Fawcett; "Background among the Aztecs," by E. B. Taylor, F. R. S.; "Nuptials," a poem, "Civilization and Noise," by James Sully; "Observations on the 'New People,'" "Nations and Men," "Two Modern Japanese Stories," "A Sad Story," a biographical sketch of the Marquis of Lorne; Literary Notices; Foreign Literary Notes; Science and Art; and Varieties. Address E. R. Felton, 25 Bond Street, New York. Terms, \$5 per year; single number, 45 cents. The Electric and any \$4 magazine to one address for \$8.

Townville.

The Baptists have nearly completed a neat church in the edge of Oconee, a few miles from this place, and will christen it "New Hepzibah." The number of pupils attending the various schools in this town-ship last week aggregated in round numbers two hundred and twenty-five. A great deal of farm work was done last week in consequence of the very mild and suitable weather. John Peter Brown and Wm. J. Compton are teaching schools in this township, the former near Townville and the latter at Double Springs Church. The members of Townville Grange No. 170 held a meeting in their hall recently, and at its close treated themselves to the luxury of an oyster "supper." It is said that this Grange has a considerable surplus fund in the treasury, and hence their dissipating upon the bivalves is easily accounted for. It is quite probable that the recent course of the guano manufacture in raising the price of commercial manure will revive the previous steady decline in the Grange interest. The Presbyterians have just furnished the pulpit of their Church in this place with a new sofa. The Rev. J. R. Riley will continue to preach to that congregation during this year. Miss Josie B., a beautiful young lady residing far away in Georgia, has become a subscriber to the INTELLIGENCER, avowedly to keep posted in what transpires around Townville, her childhood home. The writer begs to say to her that the whose name begins with the last letter of the alphabet is "gay and happy still!" D.

To the Managers of Election for 1876.

In the distribution of the fund appropriated by the last Legislature for the payment of the expenses of the general election held in November, 1876, the Comptroller General has allowed 47 per cent of the expenses. The managers for Anderson County can obtain their dividend of 47 per cent, upon application to Gen. W. W. Humphreys, who has kindly consented to distribute the same.

Columbia, S. C., Jan. 27, 1876.

To facilitate the distribution of this fund, managers and clerks of each precinct are requested to come together, and at as early a day as practicable to receive and receipt for the amounts due them.

W. W. HUMPHREYS.

FORK TOWNSHIP, Jan. 27, 1876.

MR. EDITOR: We, the undersigned citizens and planters of the Fork Township, take this occasion to signify our appreciation of your course on the subject of the demand of the manufacturers of commercial fertilizers, and heartily endorse the proposition for a mass meeting in the Court House on next Monday to take action upon the subject. Please call the meeting for that time, and we hope every farmer who can do so will make his arrangements to be present. In our opinion, the demand of the manufacturers is exorbitant, and should not be yielded to by our people.

W. F. M. FANT, J. H. BURNS, G. W. FARMER, James Haley, T. B. Palmer, J. A. Burgess, A. A. Skelton, D. S. White and J. B. Holcomb.

At a meeting of Hall Democratic Club, held on Saturday evening, January 11th, 1876, the following resolution was offered by Dr. W. J. Milford, and unanimously adopted:

Resolved, That as a Club we heartily endorse the position assumed, and the sentiments expressed by our members in the State Legislature, especially the speech of Dr. W. C. Brown, upon the subject of the demand of the manufacturers of commercial fertilizers, and that we favor the payment of all just debts, we unconditionally oppose to the payment of the same, and support and defend the rights of the South.

W. E. WALKER, President.

J. C. MILFORD, Secretary.

The Convention of the Sunday Schools of the Rocky River Coterie Association will convene with the St. Paul Sunday School, at Anderson, C. H., on the 15th of February next. Each school within the bounds of this Association is requested to send two delegates to this meeting.

ELIAS TERRELL, President.

There is no record of a single failure of Dr. Williams' Fever and Ague Specific to effect a speedy and permanent cure. It is the only reliable medicine for the treatment of all fevers of our country. For sale by all druggists.

Whereas, at the recent convention of guano manufacturers, held in Augusta, Georgia, it was resolved to raise the price of commercial fertilizers; and whereas we are certain that farmers cannot realize any profit, coupled with the price of labor, by using it at the price demanded, therefore be it

Resolved, That we, the members of Double Springs Grange, will not purchase any guano at a higher price than can be obtained to correspond with the prices of other articles.

Resolved, That we concur with our sister Granges in advising farmers to discontinue the use of guano at present prices, and that we may be able to contribute something for their advancement in the great enterprise of Bible instruction among the young.

TO THE TEACHERS OF ANDERSON & ADJOINING COUNTIES.

AMONG the BOOKS adopted by the State Board, for use in the Public Schools of South Carolina, the next Five Years, are

SANFORD'S ANALYTICAL ARITHMETICS, By S. P. SANFORD, A. M., LL.D., Mercer University, Macon, Ga. Of these Arithmetics, based on the only true test—use in the school-room—one of our most skillful Teachers, Hon. Hugh S. Thompson, State Superintendent, (at the time of writing, as now, Principal of Columbia Male Academy,) says: "Sanford's Arithmetics are superior to any that I have seen in the fullness of the examples, the clearness and simplicity of the analyses, and the accuracy of the rules and definitions. This opinion is based upon a full and thorough test, in the school-room. To those Teachers who may examine these Arithmetics with reference to introduction, I would especially commend the treatment of Per-centage and Profit and Loss. No text books that I have ever used are so satisfactory to teachers and pupils."

Sanford is now in acceptable use in Anderson County. Sanford's Arithmetics can be obtained, for three months from commencement of introduction at prices 11 and 111 below. Prices 1, obtain at expiration of introduction period:
